

Laura Carrión Pérez

Senior Product Designer · B2B Platforms, Design Systems and AI applied to Design

Madrid | +34 638 700 778 | laura.p.carrion92@gmail.com | [LinkedIn](#) | Portfolio: [lauracarrion](#)

Profile

Senior product designer with 8 years of experience at Salesforce designing complex B2B products. Co-creator of the Solution Workspace platform and its design system, and responsible for the end-to-end design of the ROI Calculator, currently used by over 4,000 people across three regions. I lead the design process from start to finish, from research, wireframing, and high-fidelity prototyping to usability testing and implementation QA, in collaboration with Product Owners, engineering, and pre-sales. I also integrate generative AI to streamline UX research and have been involved in the design of conversational assistants. I am a native Spanish speaker, have C1 level English, and B2 level French (thanks to my experience in France, the UK, and Ireland).

Professional Experience

Senior Product Designer · Salesforce

02/2021 – Present · Madrid, Spain

- **Leadership and Strategy:** Direct collaboration with product leadership and executive stakeholders to prioritize, scope, and validate strategic initiatives (such as the Slack integration) based on business impact.
- **Qualitative/Quantitative Research and AI:** Direction of UX research (mixed methods, interviews and usability testing), implementing an AI-assisted workflow (Claude, Gemini, NotebookLM) that reduces research cycles from 3 weeks to 1.
- **Execution and Delivery:** Design and delivery of wireframes and production-ready UI/UX, overseeing smooth integration with engineering, Product Owners and Business Analysts.
- **Business Impact:** Leadership in the creation of the ROI Calculator, surpassing 4,000 users across AMER (53%), EMEA (34%) and ROW (13%), with more than 6,630 business cases generated.
- Led the design of the **ROI Calculator** for multiple Salesforce products (Sales, Service, Slack, Customer Zero) and its evolution into a single **scalable multicloud calculator**.
- Contributed to building the **Design System of the Solution Workspace platform**, ensuring visual and product consistency.
- Collaborated on the redesign of **Business Value Discovery v2**, a customer maturity assessment tool, with a self-service solution aligned with value selling.
- **Mentored new designers** for several consecutive years, guiding their onboarding and training within the Salesforce ecosystem.

Experience Designer · Salesforce

11/2018 – 02/2021 · Dublin, Ireland

- **Led the strategic design relationship with Solution Engineering in EMEA South** (Spain, Portugal, Italy), adapting solutions to the local business of each market.
- **Designed scalable demo environments with reusable templates**, enabling Solution Engineers to create client-customized websites and reduce delivery times.
- **Designed conceptual storytelling applications for large accounts** (omnichannel banking, retail clienteling app) and developed more than 25 microsites alongside Account Teams.
- **Impacted 219 accounts** and 226 pre-sales opportunities across EMEA, with a 55.99% close rate, contributing to closing deals worth more than \$110M.

Visual Designer · Cink Emprende

03/2018 – 10/2018 · Madrid, Spain

- Creative direction and graphic design of advertising campaigns and video production for the consultancy's offices.
